EXPERIENCE

Intern Android Developer Aug 2023 - Sep 2023
RWR Pvt Ltd *Islamabad, Pakistan*

- Learned some basics of Kotlin Language.
- Worked with Google Maps API.
- Developed an Android app that shows the shorter path from one location to another.

Intern CPP Developer Aug 2022 - Oct 2022
RWR Pvt Ltd *Islamabad, Pakistan*

- Solved C/C++ programs from different real-world problems
- Created a desktop chat application using Qt C++

PROJECTS

Desktop Chat Application. I developed a desktop chat application using C++ and TCP protocols, enabling users to engage in private conversations with one another.

Everyday Chronicles. Created a personalized automated diary app displaying daily activities (location, mood, calls with location, mobile usage) with weekly insights, leveraging Flutter, Dart, Firebase, and external APIs.

CRUD Traders App Developed an organization app enabling item management (add, update, delete), price change notifications to employees, and product catalog generation for sharing, utilizing Android Studio, Java, and Firebase. ([App's Code](#))

EXTRA-CURRICULAR ACTIVITIES

- Actively I am learning some new languages and frameworks.
- Event Manager of IEEE at Riphah International University.
- As a Teacher Assistant, I teach juniors how to code cleanly and efficiently.

INTERESTS

- C++ Developer
- Mobile App Developer
